

## TO DEFEAT COVIDISM, BUILD THE WORLD AFTER

**Proactivity** Protests and legal proceedings are certainly not enough. These reactive and emergency measures must absolutely be complemented by proactive and substantive actions.

**Values.** These proactive and substantive measures must aim to achieve two fundamental values, without which collective intelligence cannot function effectively: the sharing of political power (through direct democracy) and of financial power (through the universal allowance).

**Program.** To realize these core values, konfedera.org offers a chronological program of actions to be carried out individually or in groups, in your local environment.

**Libération.** The first step is to free up your computer, ie replace the Windows / Mac operating system with Linux.

**Skill.** A self-training program in information technology, as well as project management methodologies, are made available to those wishing to participate in this great leap forward.
